

# Detecting Bias

## Finding a One-Sided or Slanted point of View

### Strategy:

1. State purpose

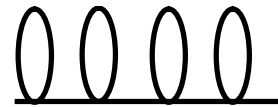

2. Review data for bias clues

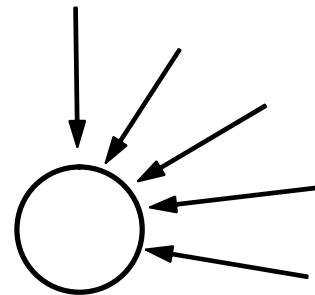

- Overgeneralizations
- Emotionalism
- Exaggeration
- Embalance in presentation
- Stereotypes
- Camera angles
- Background music
- Opinions stated as facts

3. Search for a pattern in the clues

4. Generalize and record bias

### Graphic Organizers:
